Overlocker

Acclaim

The Acclaim is Baby Lock's top-end 4-thread overlocker, featuring RevolutionAir™ Threading – threading the loopers with the touch of just one button, and threading the needles with the touch of another. Plus our Automatic Thread Delivery (ATD) System that eliminates tension worries.

Acclaim also features a 2-inch workspace to the right of the needle, 6mm presser foot height, 3 bright LED lights and the exclusive Baby Lock wave stitch. This extensive range of cutting-edge features allows you to expand your creative boundaries even further.

Revolution
Air™
THREADING

ATD NO TENSION
ADJUSTMENTS

RevolutionAir™ Threading System for instant Loper & Needle Threading

RevolutionAir™ completely eliminates the annoying need to thread many points in a specific order for each broken thread or new colour. With our exclusive system, *threading can be completed in less than one minute!*

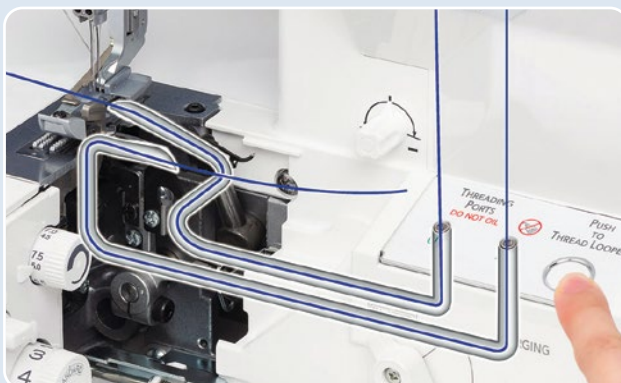

Simply insert threads into the threading ports, press a button and a blast of air shoots the threads through the tubular loopers – instantly threading the loopers, either individually or simultaneously.

Thread in any order

Thread the entire machine in less than 1 minute

Change any thread without re-threading others

No more worrying about tangled threads

RevolutionAir™ with Tubular Loopers allows you to thread in any order and avoid tangles and knots as threads are not exposed.

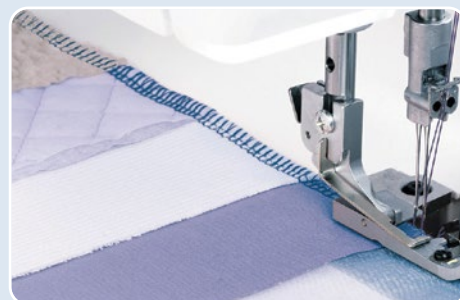

RevolutionAir™ Needle Threading

Hold the thread in front of the needle, and with the push of a button the needle is threaded – faster and easier than ever before.

Automatic Thread Delivery (ATD) System

Acclaim takes the tension out of overlocking by removing the need to manually adjust tensions, for a perfectly balanced stitch always. The ATD System delivers the required length of thread for a balanced stitch, rather than putting tension on the thread itself. You simply select A, B, C or D depending on the stitch desired – letting you overlock continuously across any fabric with any type of thread without skipping stitches.

6mm Presser Foot Height allows you to easily work with thicker fabrics.

Easy-access Presser Foot Lever on the right side of the machine lets you quickly lift the presser foot.

2-Inch Throat Space lets you easily create large projects with room to spare.

3 Powerful LED Lights flood your workspace with bright and even lighting.

Exclusive Wave Stitch to take your creativity to new levels.

True 2 to 1 Differential Feed ensures more consistent gathering of fabrics and compensates for stretch distortion on your knits.

Other features

- Vertical needle system minimises needle deflection and breakages
- Automatic rolled-hem setting
- 4, 3 & 2 Thread overlocking
- Up to 1,500 stitches per minute
- Heavy duty cutting system for easily cutting thick fabrics
- Presser foot pressure adjustment dial
- Built-in accessory storage
- 11 Optional accessory feet
- Needle plate guard for needle screws
- 4 Safety switches
- Machine weight 10.9kg
